

Protect yourself from fake COVID-19 test kits

The FTC (Federal Trade Commission) suggests following these four steps before buying and using a testing kit:

1 Only buy tests authorized by the Food and Drug Administration (FDA).

2

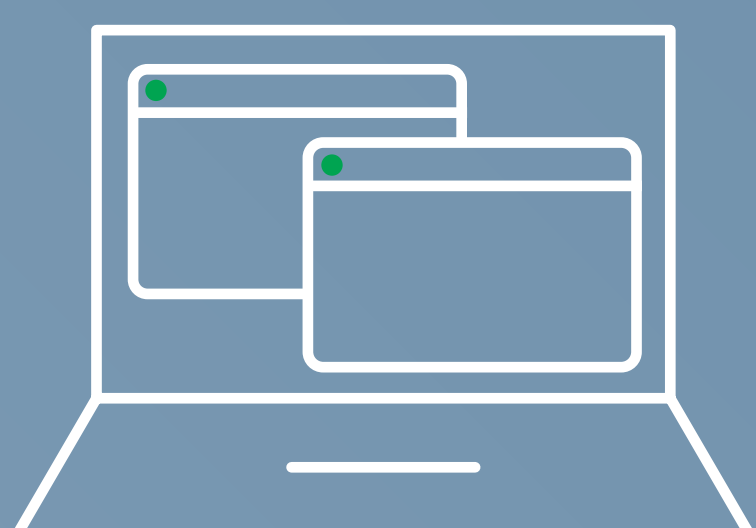

Check the FDA's list of fraudulent Covid-19 products.

3

Research the sellers and compare credible reviews from a variety of websites.

4

If you choose to buy a testing kit online, use your credit card so you can dispute the charge if you discover it's a scam.
